

**Dear family and friends,**

## **Are you interested in PhD or combined MD/PhD?**

If yes, then consider **Karsh STEM Scholars Program!!!** Here is its MISSION:

The Karsh STEM Scholars Program's mission is to increase the number of underrepresented minorities who earn a PhD or combined MD/PhD in a STEM discipline. Participants must be interested in pursuing a career in research and/or teaching, policy development or a leadership role in government or the corporate world.

### **Eligibility Criteria:**

Click [HERE](#) for detailed eligibility criteria.

- An overall high school GPA of 3.0 or higher, with at least "B" grades in high school STEM-related courses.
- Committed to pursuing a PhD in a STEM discipline or a combined MD/PhD; participants cannot choose to pursue an MD alone.
- Documented previous community service experience.

### **How to Apply:**

Application period opens November 1, 2020.  
Please click [HERE](#) to see details on How to Apply.

[Form](#) to Apply.

- This is a great opportunity and we hope you succeed in your endeavor.

Please let us know if you have any questions.

Sincerely,  
EriStars Board
